U.S. Coast Guard Overview

The Commandant U.S. Coast Guard designates a senior Flag Officer as Information Sharing Executive to oversee the following responsibilities:

As a DHS operating agency:

- Assess and report internal compliance with Federal annual Information Sharing and Safeguarding performance measures, requirements and tasks and ensure enterprise-wide transparency of these actions;
- Represent the Coast Guard on the DHS Information Sharing and Safeguarding Governance Board, the Homeland Security Intelligence Committee, the Law Enforcement Shared Mission Community and in other DHS executive and collaborative forums;
- Implement DHS-mandated Information Sharing and Safeguarding policies, procedures and enterprise-wide training; and,
- Implement the Information Sharing Environment (ISE) within the Coast Guard, establishing Coast Guard interagency Information Sharing policy, processes and procedures.
